

## CHATEAU DE VARENNES

---

### *Pictures from September & October weddings*

The pictures below are all from actual weddings at the chateau. We also have many holiday and corporate groups hence the possible gaps between the dates. The weather is usually warm and dry from March until late October. We can host outdoor ceremonies/cocktails all the year round and receptions/dancing party can be outdoors until mid-October (some couples prefer to use the Orangery as it looks more formal even if the weather would allow to host an outdoor reception).

TRACEY & HOWARD: October 3<sup>rd</sup>, 2012 (UK)

DOROTHY & LUC: October 7<sup>th</sup> 2017 (Malaysia, France & UK, featured on French wedding style)

"We chose Chateau de Varennes as it was from a beautiful venue in a gorgeous location, the estate also had its own chapel within the grounds which was really important to us. The set-up of the venue meant that everything could happen all in one place, the wedding and accommodation, which was perfect as we had many friends/family who had travelled from across the world to attend the wedding. In addition, the venue was close to local vineyards and places that guests could take some time to visit during their free time."
