

All inclusive wedding packages

Please note that the accommodation fees or any other costs not listed here are on top of the wedding packages (the corresponding fees are listed in our specific pricing brochure which is also on line). Breakfast is offered for up to 40 residents if you book a full wedding package. For extra-guests, there are many other b&bs and hotels nearby as we are located in a very touristy region.

1. Classical white wedding package

- * Rental of Event facilities for your wedding (gardens, terraces and Orangery)
The Event facilities cannot be rented without the rooms but most couples are splitting room bills with their guests. The cost is the same for indoor or outdoor receptions. We invested a lot of money in the Event facilities and for example you have a separate full equipped kitchen for the resident chefs in the Orangery as well as two cooling rooms etc while many other venues will force you to rent extra equipment (like ovens, cooling trucks or machines, ice cube machines etc while these are all included in our fees) which leads to unexpected hidden costs
- * Ceremony in the Chapel (max capacity of 80 seats) or in the gardens with speakers and a microphone (not suitable for dancing as the equipment for a dancing party is brought by DJs)
- * Celebrant for ceremony on site - Catholic or non-denominational ceremony
- * Three-course dinner and 6 canapés prepared by Michelin star trained chefs (all the food is prepared on-site with fresh and high-quality produce, some vegetables and herbs are organically grown in our own gardens)
- * White equipment package for the dinner (round tables, classical Napoleon white chairs, white tablecloths and napkins, elegant tableware) => this can be upgraded later provided the availability of the products with our partner rental agency www.jolibazaar.com
- * Candle and accessory package: candles in the color of your choices, accessories like menu stands, tables (for ceremony, cocktail, guestbook, wedding cake if any) etc
- * Unlimited soft drinks for the wedding reception

All inclusive wedding packages

* Alcohol package (½ bottle of Burgundy Champagne and ½ bottle of wine) for the wedding reception followed by open bar for the party

* Bartending for dancing party for 4 hours (but there is no time limit for the party provided you keep a bartender)

* A good professional DJ for the dancing party with his equipment

* Wedding planning: styling, production of the event and coordination of the vendors (based on the Cotton package and depending on your number of guests)

Example of things which are not included in packages:

- Flowers : these are too difficult to upgrade
